ABOUT THE ARTIST

A professional touring evening built around evidence.

Calvin Price is a nationally recognised UK psychic medium, author and touring medium, known for evidential work delivered with honesty, warmth and compassion.

Working professionally since 2007, Calvin has developed a long-standing live career across theatres and venues throughout the UK. His mediumship is centred on evidence - names, memories, personalities, emotions and recognisable details that can bring reassurance and recognition to an audience.

The live show is presented in a straightforward theatre format, allowing the mediumship, audience connection and atmosphere in the room to remain the focus.

"The purpose has always remained the same: to bring people closer to Spirit and remind them that love never dies."

- Calvin Price

Born Gifted 2027 marks Calvin's 20 Year Anniversary Tour, celebrating two decades of professional mediumship with an extensive programme of UK dates.
